

HOSPICE

THE HEART OF END-OF-LIFE CARE

2 - 4 OCTOBER 2007

Harrogate International Conference Centre

Following our highly successful 2005 conference, Help the Hospices is hosting a second major conference. For those working in or with hospices - the conference will focus on:

- **delivering person-centred services**
- **maintaining healthy organisations**
- **securing hospices' role in the wider health economy**

CALL FOR PAPERS

As well as scientific abstracts, we are looking for presentations which reflect hospices' tradition of innovative thinking and best practice. Are you a nurse, fundraiser, volunteer, doctor, therapist, social worker, manager or day-centre leader? If you are involved with a hospice in any way, we want to hear from you.

Online abstracts can be submitted between 15 January 2007 and 20 April 2007
