

14th Congress of the World Federation of Occupational Therapists

Have **YOU** registered for the WFOT Congress yet?

If your interests lie in the field of occupational rehabilitation, you cannot afford to miss this fantastic professional development event.

Join OTs from around the world in Sydney in July for a week of seminars, workshops, poster presentations, OT resource displays and networking events, including a range of topics specifically relating to occupational rehabilitation:

- Challenges in vocational rehabilitation
- Chronic pain and occupation
- Occupational transitions following brain injury
- Shoulder rehabilitation: Increasing function

A sample of the rehabilitation papers to be presented is included below, and details of the entire program can be viewed at the [Congress website](#).

- *A review of tools used to assess the physical risk factors that contribute to upper limb work related musculoskeletal disorders.* Alison Bell, Katrina Simpson, Fiona Weigall.
- *The impact of workplace social climate on the success of return-to-work interventions.* Rosemary Lysaght, Sherrey Larmour-Trode

- *Chronic pain: Impact on information processing at work.* Chris Chapparo and

Gold Sponsor

Silver Sponsors

Australian Government

CRS Australia

Ev Innes.

- *Impact of brain injury on return to work.* Jo Siketa and Pamela Ross.

[And don't forget, Early Bird Registrations close on February 28, so click here to register today for WFOT 2006!](#)

See you in Sydney!
